UI/UX Designer

The UI/UX Designer is responsible to make our websites and social media platforms easy to use for our audience, creating both functional and appealing features that address our users needs and help us grow our audience.

Role and Responsibilities

1. Gather and evaluate user requirements in collaboration with Creative Director
2. Illustrate design ideas using storyboards, process flows and sitemaps
3. Design graphic user interface elements, like menus, tabs and widgets
4. Build page navigation buttons and search fields
5. Develop UI mockups and prototypes that clearly illustrate how sites function and look like
6. Create original graphic designs (e.g. images, sketches and tables)
7. Prepare and present rough drafts to internal teams and key stakeholders
8. Identify and troubleshoot UX problems (e.g. responsiveness)
9. Conduct layout adjustments based on user feedback
10. Adhere to style standards on fonts, colors and images

Preferred Skills and Qualifications

1. Bachelor's degree in Design, Computer Science or relevant field
2. Proven work experience as a UI/UX Designer or similar role
3. Portfolio of design projects
4. Knowledge of wireframe tools (e.g. Wireframe.cc and InVision)
5. Up-to-date knowledge of design software like Adobe Illustrator and Photoshop

General Qualifications

1. Results-oriented; proven ability to prioritize, drive and achieve results through self and others under time pressure.
2. Demonstrated ability to work productively with counterparts in a cross-functional capacity
3. Ability to effectively prioritize and manage your time to address multiple responsibilities with an uncompromising approach to hitting deadlines
4. Must be able to respond quickly in an environment of changing priorities
5. Must be able to communicate in a calm and collected fashion

Time Commitment:

At present, the position requires a minimum commitment of 2 to 4 hours per week. Devotees seeking full-time service may need to accept additional responsibilities while the service develops.
